Bear Sighting

Aug. 4, 2021

Dear Homeowners,

The Board of Directors has been notified that a bear has been sighted on the north side of the construction chain link compound across the street from the Cottages entry gate.

This is to be expected due to the recent fires in the area, and you should be aware that there may be an influx of wildlife flowing through the property.

You should take precautions with your pets and what is stored outside your home. For safety tips and information on bear and other wildlife encounters please visit:
